

# OUR STORY

## SUBCATEGORY BRANDS

**Afra Integrated Value Chains Holding** is a specialized and integrated parent holding company focused on food value chains, including oilseeds, grains, protein, and sugar. With over two decades of experience, it is one of the largest processing industries in the country, with annual imports of 3 to 4 million tons and production of 1 to 1.2 million tons.

Afra Integrated Value Chains Holding has created an integrated and interconnected chain to increase the quality, quantity, and speed of supplying raw materials to various industries. Each of the subsidiaries can meet the needs of the chain both horizontally and vertically. To this end, a complementary, interconnected, and efficient chain has been created to cover all the necessary links in the supply chain.

Afra Integrated Value Chains Holding is a completely specialized and integrated parent holding company active in the food value chains of oil, grains, protein, and sugar.

### **AFRA** Grain

Afra Grain primarily focuses on the procurement and transportation of various grains for the production of vegetable oil, as well as feed for livestock, poultry, and aquaculture. Its annual supply ranges between 3 to 4 million tons. As a commercial arm of the holding company, Afra Grain has established over half a million tons of silo storage capacity in the northern Iranian ports and Bandar Imam Khomeini. Currently, they are constructing a private terminal with a daily unloading rate of 29,000 tons at Bandar Imam Khomeini.

### **AFRA** Oil

Afra Oil is engaged in a diverse and integrated range of activities, including the sourcing, cultivation, oil extraction, refining, processing, and packaging of specialized B2B and B2C oils. The refining of various edible oils has provided a diverse portfolio for this group's products. In addition, it is active in the production of by-products and downstream products, such as various confectionery oils, vegetable butter, lecithin, and fatty acids. The companies in this group include Navid Khalij Fars, Pakdideh, Golbahar Jadde Abrisham, and Pak Mehr Pedideh Khalij Fars. This group has the capacity to produce 6,000 tons of oil extracted from various oilseeds, 1,500 tons of refined edible oil, and 1,000 tons of confectionery oils and vegetable butter, making it the largest production complex in the country.

### **AFRA** Protein

Afra Protein is active in four main areas of livestock, poultry, aquaculture, and production of feed for livestock, poultry, and aquaculture. **Livestock production:** In this area, SarvDaam and Incheh Borun companies are the largest industrial sheep breeders with the aim of producing milk, meat, and breeding animals. **Poultry farming:** In this area, Behparvar, Urom Chakavak, Royan Exim, and Afra Makian chains are active with the production of about 9 million broiler chicks, 4 million broiler chickens, and 50 tons of edible eggs. **Aquaculture:** In this area, Tah & Tavasol Nik Sabz Company is the largest company with the capacity to produce 7,000 tons of rainbow trout through cage culture in the country. **Production of livestock, poultry and aquatic feed:** Nasim-Sahar and Arian Protein companies together have the capacity to produce 1000 tons of poultry feed and 400 tons of fish and shrimp feed.

### **AFRA** Sugar

Afra Sugar Varamin Sugar with a capacity of refining and packaging 700 tons of sugar per day, and Novin Khalij Fars Sugar Company with a refining capacity of one million tons of sugar per year are under construction in Bandar Imam.

Afra Integrated Food Value Chains Holding is one of the largest food processing companies in the country. Its mission is to manage and develop the supply chain of grains, oilseeds, proteins, and sugar, as well as creating synergies among them. The company aims to ensure a reliable supply of high-quality raw materials through continuous optimization and strategic efforts.

Afra's primary objective is to enhance the quality, quantity, and speed of supplying raw materials to various industries. To achieve this goal, Afra has established a complementary, interconnected, and efficient chain encompassing all the links in the supply cycle. Afra Integrated Value Chains Holding is one of the largest food processing companies in the country. Its mission is to manage and develop the supply chain of grains, oilseeds, proteins, and sugar, creating synergies among them.
